

Clinical Educator Program Journal Reflection Rubric

Criteria	Below Expectations	Basic	Proficient	Outstanding
Content	<p>Responses do not align with the issues raised as part of the clinical educator training.</p> <p>Narratives contain limited or no evidence of meta-cognitive practices characteristic consciousness and or critical consciousness.</p>	<p>Reflection demonstrates limited critical thinking in applying, analyzing, and/or evaluating key curricular concepts and theories from readings, lectures, media, discussions and/or activities.</p> <p>Minimal connections made through explanations, inferences, and/or examples and demonstrate minimal levels of professional growth and awareness.</p> <p>Discussion demonstrate some level of meta-cognitive practices an learning that are inclusive of affective reflectivity, i.e., a lowest level of “consciousness reflectivity”</p>	<p>Reflection demonstrates some degree of critical thinking in applying, analyzing, and/or evaluating key curricular concepts and theories from readings, lectures, media, discussions and/or activities.</p> <p>Connections made through explanations, inferences, and/or examples demonstrate some level of professional growth and awareness.</p> <p>Discussion demonstrate some level of meta-cognitive practices an learning that are inclusive of discriminant and judgmental reflectivity, i.e., a higher level of “consciousness reflectivity”</p>	<p>Reflection demonstrates a high degree of critical thinking in applying, analyzing, and evaluating key curricular concepts and theories from readings, lectures, media, discussions and/or activities.</p> <p>Insightful and relevant connections made through contextual explanations, inferences, and examples demonstrate professional growth and awareness.</p> <p>Discussion demonstrate a range of meta-cognitive practices an learning that are inclusive of conceptual, psychic, and theoretical reflectivity, “critical consciousness”</p>
Personal Growth	Below Expectations	Basic	Proficient	Outstanding
		<p>Conveys limited evidence of reflection on own work in response to the self-assessment questions posed. Demonstrates less than adequate personal growth and awareness through few or simplistic inferences made, examples, insights, and/or challenges that are not well developed. Minimal thought of the future implications of current experience.</p>	<p>Conveys evidence of reflection on own work with a personal response to the self-assessment questions posed. Demonstrates satisfactory personal growth and awareness through some inferences made, examples, insights, and challenges. Some thought of the future implications of current experience.</p>	<p>Conveys strong evidence of reflection on own work with a personal response to the self-assessment questions posed. Demonstrates significant personal growth and awareness of deeper meaning through inferences made, examples, well developed insights, and substantial depth in perceptions and challenges. Synthesizes current experience into future implications.</p>
