

## Interview guide –English version

Patients' experiences of discontentment one year after total knee arthroplasty- A qualitative study

### Questions:

1. *Can you tell me about the time before surgery?"*
  - Follow-up questions: *"Please tell me more about that,"* or *"Can you give an example? What do you mean? Would you like to explain more? Can you please elaborate more about that? What did you think? Explain more?"*
  - Please, tell me about your expectations for the knee surgery?
  - In what way (to what extent) have these expectations been met or not met?
  
2. *Can you tell me about the time after surgery?"*
  - Follow-up questions: *"Please tell me more about that,"* or *"Can you give an example? What do you mean? Would you like to explain more? Can you please elaborate more about that? What did you think? Explain more?"*
  - Do you regret the knee surgery? Please tell me why/why not.
  - If you were to wish freely, which improvements do you suggest to optimize your experience and the results of your knee replacement surgery?
