

145 Figure 15. Fitting of afterslip model. (a) Down-sampled interferograms of ascending  
146 orbit P131-F640 and P130-F650. (b) Down-sampled interferogram of descending orbit  
147 P23-F2950-2960. (c) Simulated rate of LOS changes of ascending orbit P131-F640 and  
148 P130-F650. (d) Simulated rate of LOS changes of descending orbit P23-F2950-2960.  
149 (e) Residuals for ascending orbits. (f) Residuals for descending orbit.
