RE: Extension of Seniors Health SCN Knowledge Synthesis Grant

Dear Dr. Salma,

I am writing in follow up to our communication regarding your Knowledge Synthesis grant titled, “Does it Work and for Whom? A Realist Systematic Review of Physical Activity Interventions in Immigrant Older Adults”.

We have reviewed your request for revision to the project timeline and would be happy to grant the requested extension. This letter confirms our agreement with the revised project end date of March 31, 2022.

The other details of your project will remain unchanged, including the reporting requirements and total awarded amount/budget. Please refer to the original terms and conditions of your award, if required.

We wish you success as you continue to carry out this important project.

Kind regards,

Dr. Heather Hanson, PhD
Assistant Scientific Director
Provincial Seniors Health and Continuing Care
Alberta Health Services
